

Bukayo Apata

UI/UX Designer and Product Designer

07041186834

bukayoapata.it@gmail.com

PROFILE

I am a self-motivated, challenge-driven, and goal-oriented individual with a vibrant personality. I thrive both in collaborative team environments and when working independently with minimal supervision. My skills encompass beginner-level I.T. proficiency in graphics and product design. I excel under pressure, enjoy multitasking, and am known for my strong teamwork capabilities.

EXPERIENCE

AWD WEBSITE (Ongoing Project) | Volunteer | Remote, Nigeria.

- Collaborated with a team of designers to maintain design consistency and coherence across web pages.
- Designed the gallery page in 2023.
- Created the 2022 Unsung Heroines page.

Techifice (UI Designer)

2023

- Collaborated with cross-functional teams to design and implement user-friendly interfaces for web and mobile applications
- Designed and prototyped wireframes and mockups using tools like Figma, ensuring consistency and coherence in the user experience
- Led the design of Tayowagroup.com, resulting in reduction in development time by 40% and thereby increasing productivity.

PROJECTS

Gadites University (UI Design)

- Created reusable components of the design
- Worked closely with developers to ensure seamless integration of design elements
